

Bucharest University of Economic Studies

Doctoral School of Economics I

Lecture: Academic Integrity and Ethical Research: Pillars of Inclusive and Resilient Knowledge Societies

March 4th, 2025 (starting at 6:00PM)
ROOM: B504, 5th floor, Piața Romană 7

Guest speaker: Dr Giga KHOSITASHVILI

Ilia State University, Georgia

BioData: Prof. Giga KHOSITASHVILI, PhD

Dr. Giga Khositashvili is an Assistant Professor at Ilia State University's Faculty of Business, Technology, and Education. He holds a PhD in Education and a Master's in Information Management, with additional studies in New Media and Knowledge Management at Tallinn University. His research focuses on education policy, academic integrity, and technology-enhanced learning. Actively engaged in Erasmus+ projects, he contributes to initiatives on academic integrity, research ethics, and digital learning.

About the lecture:

This workshop will explore key aspects of academic integrity and ethical research, focusing on their role in building inclusive and resilient knowledge societies. Participants will engage in discussions on ethical challenges in academia, strategies to uphold integrity in research, and the impact of emerging technologies on academic honesty. Developed under the Erasmus+ CBHE project ETHICS and coordinated by Ilia State University, this workshop aims to equip students with the knowledge and skills to navigate ethical dilemmas in their academic and research careers.
